

Booking your patient's follow-up after Cataract Surgery

Royal Surrey NHSFT are using *Dora*, a new AI system, that will telephone patients ~3 weeks after their cataract surgery to check that they are doing well, answer their questions, and check about 2nd eye surgery.

Is your patient eligible for a Dora call?

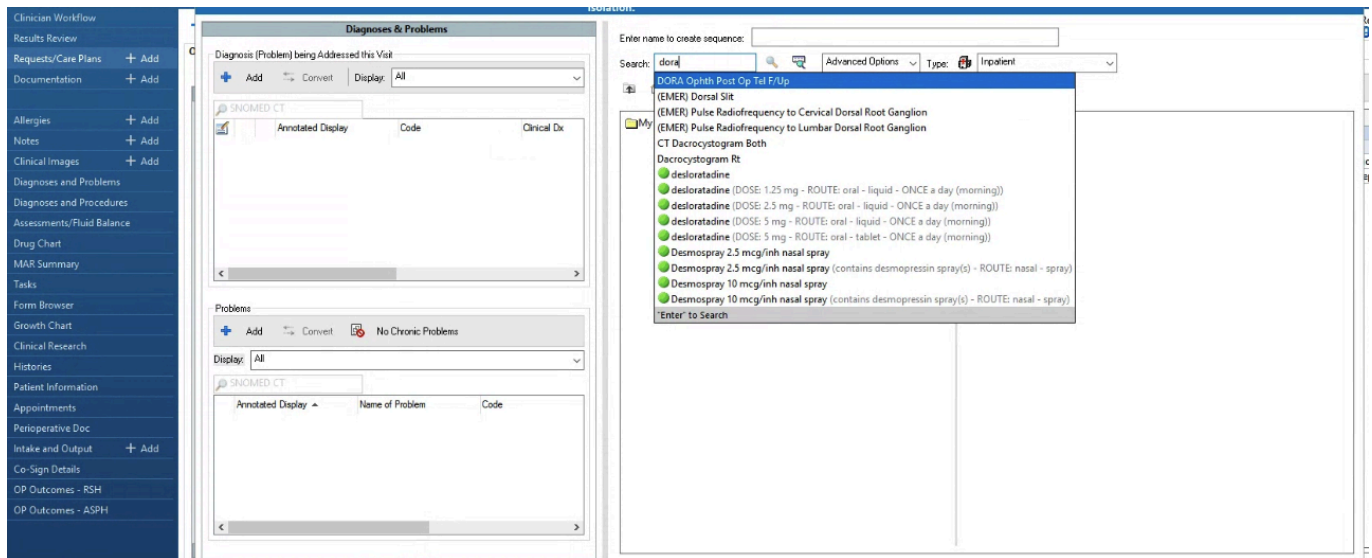

- Routine surgery
- Anyone able to have a telephone conversation in English
- No significant cognitive or hearing impairment
- Has access to a personal phone (mobile or landline) including those living in a residential / nursing home

Order your patient's Dora call using Cerner

- Navigate to "Requests/Care Plan"
- Search "dora" which will return the result DORA Ophth Post Op Tel F/UP

Write DORA Follow up on the paper notes

- The nurse will give your patient the pre-printed Dora discharge letter
